

WHO WE ARE

We bring together superintendents, educators, and entrepreneurs to share ideas, collaborate, and lead conversations that shape K-12 education.

Our mission is simple: to support students and families in building successful futures. By working together, we can make a real impact.

#IEIFAMILY

At its core, the IEI Family is about relationships—building trust, exchanging ideas, and working together to create real impact for students and communities.

NETWORKING AND COLLABORATION

"This was so valuable, which is how I always feel at IEI summits. The people are amazing and have a wealth of knowledge to share. The collaboration is open and honest, with true innovation flowing minute-by-minute. The social events continue the learning in a more casual environment where we all can get to know each other and connect."

MEMBERSHIP BENEFITS

- **Events to Grow and Collaborate:** Opportunities to attend 3 national summits throughout the year across the U.S. with other district leaders. Network with fellow superintendents and education leaders to discuss common needs, solutions, and interests.
- **Building Your Brand as a Leader:** We help you build your brand by showcasing your expertise and connecting you with key education stakeholders. This includes opportunities for media exposure, op-ed writing, and speaking engagements.
- **Engage in Thought Leadership:** IEI provides a platform for district leaders to engage in meaningful discussions on the most pressing issues in education. Through events, panels, and roundtables, we encourage collaboration, share best practices, and help shape the national conversation.
- **Share Your Story:** Our IEI roadshow in the fall is a fantastic opportunity where we capture your stories, photos, and videos, which we share widely on social media after visiting your district.

"There is so much that we, as district leaders, can share and learn from one another. It felt therapeutic and inspiring to discuss our challenges and opportunities."
